★★★★★ Great buy so far! (2 days in)

So far this was a great purchase. Purchased for my daughters 6th birthday. She has rode it for 2 days so far. She absolutely loves it and got the hang of it extremely quick. It scratches fairly easy which I do not like much but, besides that it was a great purchase!

Nice sound quality. Came already charged. Came with carrying bag, and charger. Perfect size for my 7 yo granddaughter. The only con is the battery drains fast not sure why could be the bluetooth being on while riding. Overall pleased with the purchase! My granddaughter loves it! So it's a keeper just keep the battery charged not a big enough deal to return it.

★★★★★ Nice hoverboard, short battery life

Shiny and fun! My 8 year old daughter mastered it in one day. The Bluetooth speaker adds more fun. The lights are bright and pretty! My only complaint is the battery does not last more than 30-45 minutes yet takes 3 hours to fully charge.

★★★☆☆ Great looks questionable product

Bought in Dec. for my daughters bday end of Feb. very pretty color and amazing lights but it scratches very easily and after a month it's having issues. Barely holds charge and isn't running correctly. We re booted it but didn't help. Sadly trying to see if can exchange but we will see since it's after 30 days but she's only had it a month!

Decent, but battery life is terrible. From a full charge, it lasts maybe an hour. Speakers are plenty loud and lights are pretty cool too.

Designed to help you overcome challenges?from college students climbing hills to daydreamers seeking fresh inspiration?the HOVERZON XLS electric scooter is the compact travel you are searching for.

The XLS provides riders with effortless control of where they go and how fast they get there. Simply shift your weight to adjust course with the gyroscopic technology and responsive sensors. The XLS travels up to 11 miles on a single charge, speeds up to 8 MPH, and carries a max weight of 220 lbs.

Unique features allow the XLS to satisfy the needs of every rider, from the modern millennial craving the latest innovation to the young beginner discovering their balance. Grab your phone and jam to your favorite tunes using the built-in 2.0 Bluetooth* speakers. For those needing total control, the XLS offers an Android and iOS app that manages riding modes, shows system information, and more. Meanwhile, a 5 level battery indicator lets you know when a charge is needed. Electric scooter lovers of all levels can even become instant pros by learning proper movement and balance through practice mode, making XLS both a kids scooter and an adult electric scooter.

Take the XLS anywhere, anytime! Front and rear LED movement indicators will shine paths, empowering night owls to venture out and illuminate the night. When needed, riders can carry the lightweight and portable XLS using the carrying strap.

The hover scooter is not only designed to ensure absolute fun and freedom but also security. Its Aegis Armor Technology, a reinforced, fireproof shell and battery management system, ensures that the XLS and you remain safe throughout every adventure. Highly certified, the XLS has also passed stringent electrical and safety tests according to UL2272 standards.

Grasp the freedom you crave with the XLS. With a simple shift of your weight, conquer the world (or at least the streets), while singing to your favorite music. Your HOVERZON XLS awaits you.

- **ENJOY MUSIC ON THE GO**

- Play music with friends or while going to class with the self-balancing scooter?s Bluetooth* speakers

- **BEGINNER FRIENDLY**

- From kids to adults, anyone can become a master rider with the motorized scooter practice mode

- **EASY MANAGEMENT W/ APP**

- Change riding modes, view system information, check battery life, and more with the easy-to-use app

- **DURABLE ARMOR**

- The XLS balance scooter?s exclusive technology has undergone and passed stringent UL2272 tests with ease

- **SUPERIOR SPEED & DISTANCE**

- With the hover board, explore for up to 11 miles in a single charge & reach speeds of up to 8 MPH

★★★★★ JUNK Dont waste your money!

Waste of money! Bought for my son for Christmas he rode it twice, inside our home for a total of about 5 mins and now it will not work! Thought maybe it was dead so we plugged it in and let it charge and it still wont work! So disappointing ti pay this kind of money for something and it work for 5 mins! Dont waste your money! Called manufacturer they sald motherboard was prob bad, new one is \$89! Not putting another dime into something that only worked for 5 mins. My son is very upset that his fav present is already broke and he never even really got to use it.
